OVERVIEW

Materials 2027 is a premier platform bringing together experts in materials science and engineering to exchange cutting-edge research. It unites leaders, scientists, and investors to drive the future of innovative materials technologies.

CALL FOR PAPERS

Participants are invited to submit abstracts on research and findings relevant to the scientific sessions. The sample template is available in the "Abstract submission" page of the conference website. Presented abstracts will appear in the conference E-abstract book, which will be available On-line few weeks after the conference.

Conference Topics

Advanced Materials: Innovations and Applications

Nanotechnology and Nanomaterials

Energy Materials and Storage Technologies

Emerging Smart and Functional Materials

Polymers and Soft Materials

Environmental and Sustainable Materials

Quantum Materials

Composite and Hybrid Materials

Mechanics and Characterization

Metals, Metallurgy, and Mining

Biomaterials and Healthcare

Optical and Electronic Materials

Aerospace and Automotive Materials

Computational Materials Science
