5TH EDITION OF

INTERNATIONAL

OPHTHALMOLOGY CONFERENCE

TENTATIVE PROGRAM

HYBRID EVENT
15-17
MARCH 2027

COME AND JOIN US IN:
SINGAPORE OR VIRTUALLY

CONFERENCE TOPICS

- Clinical Ophthalmology
- Ocular Oncology and Pathology
- Cataract and Lens Disorders
- Cornea and Ocular Surface
- Refractive Surgery and Vision Correction
- Glaucoma
- Medical Retina and Macular Diseases
- Vitreoretinal Surgery
- Uveitis and Ocular Inflammation
- Pediatric Ophthalmology and Strabismus

Theme:
Advancing Vision Science and Eye Care through Innovation and Research

+1 (702) 988-2320 +1 (540) 709-1879 | https://ophthalmology.magnusconferences.com/

Keynote Speakers

Shadrokh Nabili

University Hospitals of Morecambe Bay NHS Foundation Trust, United Kingdom

Timothy L Jackson

King's College London, United Kingdom

Shenika Tailor

University Hospitals of Leicester NHS Trust, United Kingdom

Magali Taiel

GenSight Biologics, France

Anna Maria Bassi

University of Genoa, Italy

Pierdomenico D Andrea

University "G. D'Annunzio, Italy

Hyungju Park

Gangnam Tokyo Eye Clinic, South Korea

Yingxin Qu

Inner Mongolia Chaoju Eye Hospital, China

Chaitra M C

Sri Devaraj Urs Medical College, India

TENTATIVE

PROGRAM

KEYNOTE PRESENTATIONS

Shenika Tailor and Nagini Sarvananthan, University Hospitals of Leicester NHS Trust, United Kingdom

Title: Why a paediatric orthoptic oncology service matters

Shadrokh Nabili, University Hospitals of Morecambe Bay NHS Foundation Trust, United Kingdom

Title: Neurotrophic keratitis: Pathophysiology, clinical staging and management

Timothy L Jackson, King's College London, United Kingdom

Title: Stereotactic radiotherapy for wet age-related macular degeneration: Year 4 results of a randomised, double-masked, sham-controlled trial

Magali Taiel, GenSight Biologics, France

Title: Lenadogene nolparvovec gene therapy in Leber hereditary optic neuropathy

Anna Maria Bassi, University of Genoa, Italy

Title: Advanced 3D human-based in vitro models to identify glaucoma-specific molecular markers and to study the pathological crosstalk leading to neuroinflammation

Pierdomenico D Andrea, University G. D'Annunzio, Italy

Title: Will be Updated Shortly

Hyungju Park, Gangnam Tokyo Eye Clinic, South Korea

Title: Transient hypotony maculopathy and choroidal effusion after 5-fluorouracil - augmented bleb needling in an eye with a pre-existing Ahmed valve: A case report

Yingxin Qu, Inner Mongolia Chaoju Eye Hospital, China

Title: Efficacy and safety of clamp-and-chop phacoemulsification as a standardized universal technique: A nucleus density-stratified prospective randomized controlled trial

Chaitra M C, Sri Devaraj Urs Medical College, India

Title: A double hit to the macula: Staging hypertension's impact on diabetic macular edema via optical coherence tomography

ORAL PRESENTATIONS

George Nemeth, University of Louisville School of Medicine, United States

Title: Ophthalmic and multidisciplinary management of orbital exenteration for high-grade adenoid cystic carcinoma of the paranasal sinus with skull base extension, in a patient with concurrent metastatic prostate adenocarcinoma

Mingwu Wang, NeuVision Development LLC and University of Arizona College of Medicine, United States

Title: Challenges in dry eye drug development: Opportunities and future directions

Yan Wen Ong, Cardiff University, United Kingdom

Title: Quality of life in inherited retinal dystrophies: A systematic review

Mainur Kazi, Manchester Foundation Trust, United Kingdom

Title: Audit of documentation of driving advice for patients with visual field defects following intracranial tumour or stroke diagnoses

TENTATIVE

PROGRAM

Kaushal Pillai Syam, NHS, United Kingdom

Title: Beyond fluid resolution: Long-term real-world retinal biomarker evolution following faricimab for treatment-naïve diabetic macular oedema

Abdullah Shakeel, Princess Alexandra Hospital NHS Trust, United Kingdom

Title: The safety and efficacy of anti-VEGF biosimilars in retinopathy of prematurity

Karishma Parmar, Birmingham Midland Eye Centre, United Kingdom

Title: Atypical central retinal vein occlusion in a young healthy adult

S'ad Shaikh, Princess Alexandra Hospital NHS Trust, United Kingdom

Title: From bench to bedside: Gene therapy for inherited retinal diseases - current evidence, emerging therapies and the global challenge of equitable access

Yasmin Mahamed Cumar Cabdi, University Hospitals Birmingham, United Kingdom

Title: Compliance of ophthalmology referrals (from endocrine wards) with outlined criteria in request forms

Shah Aadil Ali, University Hospitals of Leicester, United Kingdom

Title 1: Is artificial intelligence aimed at the right problem? A critical narrative review of ophthalmic AI and the global burden of avoidable sight loss
Title 2: Beyond image classification: Diagnostic blind spots of artificial intelligence in community triage of sight-threatening eye disease

Zamin Shabir, Princess Alexandra Hospital NHS Trust, United Kingdom

Title 1: Beyond theatres: Vanguard's role in enhancing ophthalmic surgical output
Title 2: Are we missing vision loss? Visual acuity documentation in emergency department patients presenting with eye complaints

Vishnu Karthikeyan, Manchester Royal Eye Hospital, United Kingdom

Title: Anterior versus posterior approach ptosis surgery in an NHS tertiary centre: Does technique determine outcome?

Toluwalogo Daramola, North Cumbria Integrated Care NHS Foundation Trust, United Kingdom

Title: More than a cataract: Choroidal melanoma diagnosed on B-scan ultrasonography following an abnormal pre-operative examination

Tallia May Dawood, Flinders Medical Centre, Australia

Title: Spontaneous orbital cerebrospinal fluid leak associated with idiopathic intracranial hypertension: Case report and proposed anatomical pathway

Shakeel Mohammed, Sunshine Coast Health Service, Australia

Title: Unique retinal findings in a case of riboflavin transporter deficiency

Marta Caparros Osorio, University of Alcala de Henares, Spain

Title: Beyond axial length: What the macular microvasculature reveals in myopic children

Caoilfhinn Tan, Mater Misericordiae Hospital, Ireland

Title: A consecutive national case series of the Paul Glaucoma Implant in Ireland

Norah Bin Dakhil, King Khaled Eye Specialist Hospital and Research Center, Saudi Arabia

Title: Does combining phacoemulsification with deep sclerectomy affect long-term surgical outcomes? A comparative survival analysis

TENTATIVE

PROGRAM

Nazli Tokatli, Istanbul Health and Technology University, Turkey

Title: Deep learning-based glaucoma classification from fundus images: Comparative analysis of CNN architectures

Mehmet Hidayettullah Erzen, Aydin City Hospital, Turkey

Title: Re-fixation of a previously implanted intraocular lens using the Yamane technique

Wang Feng, Changzhi People's Hospital, China

Title: Analysis of pathogenic bacteria and predictors of infectious endophthalmitis after cataract surgery

Wang Hui, Changzhi People's Hospital, China

Title: Investigation into the therapeutic efficacy and inflammatory modulatory effects of the combined use of 0.01% atropine eye drops and orthokeratology lenses in the management of myopia among adolescent patients

Bai Yan, Changzhi People's Hospital, China

Title: An individualized stepwise surgical approach to complex post-traumatic hypertropia

Liyang Zhang, The First Affiliated Hospital of Henan University of Medicine, China

Title: Screen time and dry eye in medical students: A chain mediation mechanism of sleep - emotion

Bidisha Rani, Akhand Jyoti Eye Hospital, India

Title: "Practicing in and out till perfection" - use of mobile repair microscope for home wet lab practice and as an alternative to high end microscopes in wet lab

Suruchi Choudhary, All India Institute of Medical Sciences (AIIMS), India

Title: Analysis of neuro-radiological findings in acute optic neuritis and ischemic optic neuropathies and their association with clinical features and visual outcome - A prospective observational cohort study

Sagarika Snehi, AIIMS, India

Title: A comparative analysis of visual outcome predictions using a retinal acuity meter in cataract patients with coexisting glaucoma

Apurba Adhikari, CGHS, Kolkata, India

Title: Alpha agonists and beta blockers jointly as first line therapy in primary open angle glaucoma

Sudha Prasad, Brainware University, India

Title: Do diurnal and gender-related variations affect tear-film? A pilot study

Kritika, Gupta Eye Hospital, India

Title: Correlation of choroidal thickness and C-reactive protein levels in patients with age-related macular degeneration

Anjali Trivedi, Namo Hospital, India

Title: Behind the mask, a great ocular trickster: Masquerade syndrome in recurrent carcinoma

Ashwani Meherda, VMMC & Safdarjung Hospital, India

Title: Common and uncommon ocular and facial indications of Botox: Clinical insights supported by illustrative videos

Thanh Tam Mai, Hanoi Eye Hospital, Vietnam

Title: Releasable sutures in trabeculectomy: Surgical technique, clinical evidence, and practical applications

Tahmina Rashid, Bangladesh Eye Hospital Malibagh Ltd, Bangladesh

Title: IOL scaffold technique: A protective strategy to minimize posterior capsule rupture during phacoemulsification of hypermature cataract

TENTATIVE

PROGRAM

Salma Benjelloun, 20 August 1953 Hospital, Morocco

Title: When sepsis hits the eye: The hidden danger of endogenous endophthalmitis

Hind Mellah, 20 August 1953 Hospital, Morocco

Title 1: Acute dacryocystitis: From emergency management to definitive treatment
Title 2: Ciliary body melanoma revealed by painful ocular hypertension: An unusual clinical presentation (a case report)

Samah Sadiki, Mohamed V Military Hospital, Morocco

Title: Purtscher-like retinopathy in systemic lupus erythematosus

Chaw Hsu Win, RIPAS Hospital, Brunei

Title: Presentation of Pott's puffy tumor as an ophthalmic emergency

Oral presentation slots are available

POSTER PRESENTATIONS

Suzie T Nemmers, Tripler Army Medical Center, United States

Title: Orbit-sparing local amphotericin B and retrobulbar liposomal bupivacaine as an alternative to exenteration for amphotericin-resistant invasive Aspergillus orbital disease

Joan Hanson, University Hospitals Coventry and Warwickshire NHS Trust, United Kingdom

Title 1: Conjunctival melanoma masquerading as a benign conjunctival lesion: The importance of recognising change and appropriate safety-netting
Title 2: When diabetic retinopathy is not the whole story: Acute myeloid leukaemia presenting as bilateral haemorrhagic retinopathy with optic disc swelling

Abdalrhman Saud Abdalrhman Alblwan, Aljouf University, Saudi Arabia

Title: Safety and efficacy of small incision lenticule extraction combined with prophylactic corneal cross-linking (SMILE-Xtra) for myopia: A systematic review and meta-analysis

Norah Bin Dakhil, King Khaled Eye Specialist Hospital and Research Center, Saudi Arabia

Title: Recurrent rhegmatogenous retinal detachment following cataract surgery: A systematic review and meta-analysis

Panav Meherda, Army College of Medical Sciences, India

Title: Diabetic retinopathy screening in young adults

Sagarika Snehi, AIIMS, India

Title: Clinical spectrum of persistent fetal vasculature

Fatimah Binti Othman, Hospital Tengku Ampuan Afzan, Malaysia

Title: Torpedo maculopathy with persistent peripheral avascular retina in a child with a history of retinopathy of prematurity: A case report

Muallah, Shaikh Zayed Hospital, Pakistan

Title: Circumscribed choroidal hemangioma presenting with acute metamorphopsia and exudative maculopathy: A case report

Poster presentation slots are available
